Math Module Webinar!

April 25, 2007
at 2:00 p.m.
EST

WEBINAR = WEB + SEMINAR

**Join us on April 25th for a presentation on the latest Access Center module
“Strategies for Accessing Algebraic Concepts K-8”**

Presenters:

Dr. Monya Ruffin and Anthea Medyn
from the Access Center

Dr. Monya Ruffin

Anthea Medyn

This webinar will provide participants with an overview of NCTM standards and the challenges students with disabilities have in learning algebraic concepts. The presenters will highlight various research-based learning and instructional strategies that can be used to help students, including students with disabilities, access algebraic concepts at the K-8 grade levels. Opportunities for interaction and hands-on experiences are incorporated throughout the webinar.

Would you like to be one of the first to know when our next webinar will be? [Sign up](#) for the Access Center’s monthly newsletter, informing you about the newest Access Center resources, upcoming events, technical assistance work, external resources, and the latest news about special education policy!

This webinar will contain live captioning services for those who need it. If you have any questions about this service, please [let us know](#).
